

Workshop
Photovoice
Community-Based/Participatory Action Research
for Human Rights & Social Justice

Prof.ssa Susanna Helme

and

Prof. ssa Fortuna Procentese

23 Settembre 2025, ore 10:00-13:00

Sede: Sala riunioni, Dipartimento di Studi Umanistici

The seminar, conducted in an experiential format, focuses on the *Photovoice* method, a participatory research and advocacy practice. This approach employs photography as a dialogic tool to foster awareness processes within local communities and organizations. Through visual documentation and the activation of collective reflection, the method supports the analysis of systemic dimensions that influence social change processes.
